# Welcome Message

Dear MMI Family,  
Its June already, we are indeed prepared to welcome you all to the MMI Global Conference and the MMI Under 40s Youth Service Award 2025. MMI has come a long way since 2017 and was incorporated in Canada in 2023 and gaining its charitable status with CRA in July 2025. Many had a disbelieve in its sustainability, but I have always depended on God to take the lead and here we are today not only having a conference but celebrating outstanding youth leaders from different communities.

As God continues to empower us and take the lead, the vision will not only end with awarding only youth in the GTA (Canada) but we will award globally next year and beyond.

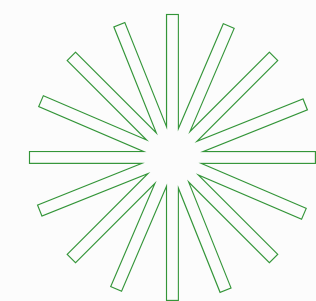

As I officially stand on stage to open our events, I ask the Holy Spirit to take all the glory and remind everyone that, while the event is a collective effort of the entire MMI team, and a legacy we are building, it is a personal vision to me from God. So here we are not only raising virtuous and intentional youth, but equally raising transformational youth leaders for God, cause this bond between youth from diverse communities and nationalities was inspired from a place of love.

As we approach this year's event, I find myself having the reflection of how God can indeed re-writes destinies.

MMI is not just a charity organization supporting, youth, adolescent girls and women in the communities, but a movement with a continues mandate to empower the next generation.

I am extremely grateful to my team (I call them family) who take all our projects/ programs personal to them, and God has indeed used us to be a blessing to this great organization.

Some time in January, I felt like the world was on my head, setting up an event with no financial resources and I told my team how I was going to cancel the event, and they encouraged, motivated and supported me and the rest is history.

We are intentional about making this event bigger and best in the years to come. This will not be possible without your support and without you taking this information out there and to also come in as a sponsor, donor and or partner as this event is totally free for attendees and it has been a sole sponsor from my family. We indeed need your support.

Special thanks to my amazing husband mr Efung Assoua Francois, my amazing daughter Efung Malik-Sharma and my mum Bih irene who have relentlessly carried this vision to see it at the top, you all make this journey extremely easy and beautiful.
